FRANK GOTCH TO

BEN LOMOND, Cal., May 23.-Frank Gotch, champion wrestler of the world, not later than June 5, according to telegraphic advices received from the wrester today. Gotch wires that he would start immediately after his match with Zbyszko, and this should land him at Ben Lomond not later than the 5th. He will be the last of the additions to the Jeffries training camp, for Jim Corbett will precede him.

After the strenuous Sunday experience in exmp. Jeffries took life easy today. Early in the day the trout fishing

circo next Friday night. The idea was put into the champion's head by one of the trainers at his camp and although it was intended more as a joke than anything else he decided that it would be a good scheme.

"Jeffries certainly would be surprised," remarked Johnson, "if I should show up with some false whiskers and suddenly pull them off while he was boxing. But why shouldn't I go and see him box? Of rourse, I have seen him in action before, but then I might like to know what condition he is in. I am not worrying about the fight or about Jeffries, for I expect to beat him, but all the same I think that it will be on hand next Friday night.

The black fighter dropped back into the way of taking off weight this morning. Bright and early he was on the park roads and before he had finished had gone the regulation distance of tweve niles.

"That is the work that is taking off the weight for me," he said to one of his friends. "When I reached California I was weighing 228 pounds and now I am down close to 218. For the fight I expect to weigh something like 298. You see, when I reached California I was weighing 228 pounds and now I am down close to 218. For the fight I expect to weigh something like 298. You see, when I roaded California I weighed 192, but I have grown heavier since that I can get down to that weight without any difficulty."

Some of the men who were mentioned for the refereeship are still calling upon Johnson, but the fighter decilines to talk business with them.

"The referee has been selected," he declared today with some emphasis." Rickard is just as satisfactory to me as he its to Jeffries. We are the ones to be suited in this matter and Tex will have

Con Gailagher is a financier as well as a fight promoter. Con has been trying for many days to raise a little ready cash for the gymnasium at Murray, but the Smelter City is a dead one when it comes to getting the silver. Ha! Con has a happy thought! Why not a biseball team? No sooner said than done. Con got together a bunch of firemen baseball fans, the team was organized and a game was booked with the rival hoseman's team. Things looked bright and Con chanced \$15 in American money with Hollenbeck of the hoseman's nine. The day was bright and clear, an ideal day for the national game. Arnold and Bishop defended Gailagher's fifteen, and the battery for Hollenbeck was Stoffer and Moon. The battle was fast and furfous. Con yelled himself to a whisper for his fifteen. At last the game ended with a score of 8 to 1 in favor of the firemen. Con was overjoyed, his "gym" fund is now richer by \$30. Now Gailagher wants to play his team in the state league. He is also planning a tour of the United States.

Officers of the United States Lawn

An officer of the association, who also

would be difficult to pick an American

continue to Australia, and few players
feel that they can spare the time for
